

## **Ambulette Services Bus Depot**

Bus Depot – Yonkers New York – SPDES Environmental Compliance Services

### **Location**

Yonkers, NY

### **Client**

Countrywide  
Transportation c/o PWN  
Associates, LLC

### **Client Type**

Real Estate

### **The Opportunity**

PS&S was engaged to perform stormwater sampling services at the Westchester Ambulette Services facility located at 58 Palisades Avenue in Yonkers, New York 10701. The facility is currently covered under the State Pollution Discharge Elimination System (SPDES) General Permit for Stormwater Discharges.

### **The Challenge**

The facility is required to comply with the monitoring, sampling, and reporting requirements of the Permit to demonstrate compliance with allowable discharge concentrations.

### **The PS&S Solution**

PS&S routinely performs quarterly stormwater sampling events in compliance with provisions of the SPDES Permit and applicable guidance (United States Environmental Protection Agency (EPA) Industrial Stormwater Monitoring and Sampling Guide). PS&S also routinely performs semi-annual benchmark sampling events in compliance with the provisions of the permit and assists in preparing the Annual Certification Report (ACR) which is submitted annually to NYSDEC.
